

# We Are Open For Business

As you may already know, Governor Sisolak announced a statewide closure of non-essential businesses in Nevada for 30 days. We want you to know that this closure does not include banks and credit unions. However, there are some precautions that we are taking to ensure the health and safety of both our membership and our staff.

**Effective immediately**, in-person access will be limited to our Drive-Thru only; our Branch lobby will be accessible by appointment only.

We did not make this decision lightly. With social distancing recommendations, we felt this was the proper thing to do. While there will be some changes to how we are able to provide service, we are confident that we will still be able to provide you with the access and service you need.

PlusLive Online & Mobile Banking remains available for access to your account balances, transaction history, Bill Pay, Mobile Check Deposits, and more...
